TERMS AND CONDITIONS OF INSURANCE FORM 22394

RULES ON THE MASTER POLICY

Art.1. OTHER INSURANCE POLICIES

You may be insured for the same risk with different insurers.

If a claim arises, you must inform all the insurance companies with whom you have cover for the same Risk, including Europ Assistance, of the existence of the other insurers who are covering the same Risk. In such a case, Article 1910 of the Italian civil code will also apply.

Art. 1910 of the Italian Civil Code aims to prevent an Insured, who has taken out multiple policies covering the same Risk with different companies, from receiving an overall amount in excess of the actual loss suffered. In the event of a claim, the Insured must therefore notify each insurer of all policies taken out with other insurers for the same Risk.

Art.2. GOVERNING LAW AND JURISDICTION

The policy is governed by Italian law.

The laws of Italy apply to all matters not expressly covered in this Policy, and with regard to all the rules on jurisdiction and/or competence of the court.

Art.3. LIMITATION PERIODS

Any claim you may have against Europ Assistance shall be time-barred two years after the date of the Claim. For civil liability insurance, the two-year period starts from the date on which the injured party requested compensation from you, or started proceedings against you to obtain such compensation. In such a case, Article 2952 of the Italian civil code will also apply.

For cover other than Assistance if a claim is opened or pending judicial proceedings, you must interrupt the limitation period in writing.

Please note that pending judicial proceedings are not considered cause for suspension of the limitation period.

E.g.: if the Insured does not report a claim within the maximum period of 2 years as established by the Italian civil code, they will not have the right to an indemnity.

Art.4. CURRENCY OF PAYMENT

In Italy, you will receive your indemnity in euros. If you claim the reimbursement of expenses incurred in countries which are not in the European Union or which belong to the European Union but do not have the euro as their currency, Europ Assistance will calculate the reimbursement by converting the amount of expenses into euros. Europ Assistance will calculate the Indemnity on the basis of the value of the euro against the currency of the country in which you incurred the expenses, on the date of issue of the invoice.

Art.5. PROFESSIONAL SECRECY

You are required to release the doctors who are examining a claim that requires an assessment of your state of health from their obligation of professional secrecy towards Europ Assistance.

Art.6. DATA PROTECTION

When providing you with insurance cover, Europ Assistance may obtain and use the personal data of other people. By accepting the Policy, you agree to provide those persons with the Data Protection Statement and obtain from them their written consent to the use of their health data for insurance purposes. You may use the following consent wording: 'I have read the data protection statement and I consent to the use of my personal health data as necessary for the management of the policy by Europ Assistance Italia, and by the persons named in the statement.'
